SKILL SUMMARY

- **Language:** C++, C, JavaScript
- **Framework:** React JS , Node JS , HTML , CSS
- **Tool:** MongoDB, Github
- **Soft Skill:** Problem Solving, Team Player, Project Management, Adaptability, Analysis and Presentation

PROJECTS

- ### Recipe Search App-Khana Khazana

  Developed a recipe search application using React.js and integrated it with the Edamam API, providing users access to a vast database of recipes.Implemented responsive UI components for search forms, recipe lists, and detailed views, ensuring optimal user experience across devices. Managed state using React hooks to handle data flow and user interactions efficiently, enhancing application performance.

- ### FoodCourt

  Developed a dynamic and responsive food delivery website UI using React.js. The website features a modern and user-friendly interface that allows users to browse through a menu of food items, add them to their cart, and review their selections before placing an order

- ### Task Manager

  This Task Manager application helps users manage their tasks efficiently by organizing, tracking progress, and managing priorities. Developed in Angular, it features authentication, a dashboard, and task-specific components. Features User Authentication: Register and login functionality with secure routing for authorized users. Dashboard: Overview of tasks with quick access to task management features. Task List: View, add, edit, and delete tasks. Task Progress Tracking: Track the status and progress of tasks. User-Friendly Interface: Simple and intuitive UI for easy navigation and management. Getting Started Follow these instructions to get a local copy of the project up and running.

- ### Companion

  This project is designed to provide a sleek and modern user interface for a blogging platform. It allows users to read blog posts, navigate through different categories, and interact with the content.

EXPERIENCE

- ### Elysian Tech Leverage   July 2024–August 2024

  Frontend Developer
  Designing and Development of the website .

ACHIEVEMENTS

- **50+ Questions Solved On Leetcode:**
  Solved 50+ coding problems on Leetcode with different difficulty levels.
- **3+ Job-a-thon contests on Geeks for Geeks:**
  Attempted 3+ contests on Geeks for Geeks.
- **Hero Campus Challenge Season 9:**
  Participated in Hero Campus Challenge and it showed my team spirit.
- **Hack it Sapiens:**
  Participated in Hack it Sapiens showing my adaptability to different skills and this led us to be the top 10 teams.

VOLUNTEER EXPERIENCE

- **Fest-in-o-Beats**

  Volunteered in college fest and various other events.

INSIGHTS

Tata Data Visualisation: Empowering Business with Effective Insights Job Simulation on Forage – July 2024

- Completed a simulation involving creating data visualizations for Tata Consultancy Services
- Prepared questions for a meeting with client senior leadership
- Created visuals for data analysis to help executives with effective decision making

EDUCATION

- **Abes Institute of Technology**   Ghaziabad, India
  Bachelor of Technology-Computer Science and Engineering; CGPA: 6.97   Since 2021-2025
- **Fatima Sr.Sec School**   Gonda, India
  Intermediate; Percentage: 84%   2021
- **Fatima Sr.Sec School**   Gonda, India
  Matriculation; Percentage: 91%   2019
